

Invest in good with the CDF

The CDF exists to help the Church achieve its mission by providing loans and funding for activities that strengthen the Catholic Diocese of Christchurch.

Being over 50 years old, the Fund is well-established with over \$25 million under investment. Governed by a Board of Trustees it is managed from the Diocesan Office.

CDF members are offered a range of investment and savings products (debt securities) that provide an interest return, some of which is shared with the Bishop to fund Catholic Social Services, Education Office, Youth Team, Chaplaincy Services and the National Seminary.

Members' funds also enable the completion of building projects, so parishes, schools and diocesan groups do not have to borrow commercially.
